

COVID-19 measures

Our activities are organized in compliance with the rules imposed by the authorities aimed at guaranteeing the safety and health of all in the context of a pandemic.

Everyone taking part in the event is expected to strictly respect them.

The Circuit of Mettet has implemented a series of measures to make life easier for everyone: hydroalcoholic gel dispensers, disinfection and frequent cleansing of the sanitary facilities and equipment, communication of the safety rules in specific places, protection of personnel, etc....

At the medical and "track" intervention level, working methods have also been reviewed and adapted to meet the new standards.

General rules (and common sense) :

1. Respect social distancing (1.5m)
2. Comply with the hygiene rules
3. Avoid any prolonged contact and interactions with other participants as much as possible.
4. Wear a mask at all times, except during the activity (this exception is not valid for a driver and a passenger in a car).
5. The number of people present will be limited to the strict minimum, i.e. one accompanying person per pilot.
6. Raise awareness and make a commitment not to participate in any activity if you show one or several symptoms.
7. Toilets can be used, showers however are not available
8. Payments: avoid cash payments on site, advance payment is more important than ever.
9. Upon arrival : Administrative registration and distribution of transponders: please strictly comply with the rules of physical distance and hygiene.
Please provide your insurance document already completed and signed at home
10. Favor the use of different documents via digital technology
